

A guide to uploading videos to Youtube

You can upload videos to YouTube in a few easy steps. Use the instructions below to upload your videos from a computer or from a mobile device.

1. Sign in to YouTube.
2. Click on **Upload** at the top of the page.
3. Before you start uploading the video you can choose the [video privacy settings](#). We would recommend setting the the video privacy setting to Private.
4. Select the video you'd like to upload from your computer. You can also import a video from Google Photos.
5. As the video is uploading you can edit both the basic information and the advanced settings of the video, and decide if you want to notify subscribers
6. Click **Publish** to finish uploading a public video to YouTube. If you set the video privacy setting to Private, just click **Done** to finish the upload or click **Share** to privately share your video.
7. If you haven't clicked **Publish**, your video won't be viewable by other people. You can always publish your video at a later time in your Video Manager.

Once the upload is completed YouTube will send you an email to notify you that your video is done uploading and processing.
